Vision

Mission

OUR VISION

Personalized economical & professional healthcare services placing the patient's needs first..

OUR MISSION

At Peoples Hospital, politeness and courtesy are the key actions making the patients "feel at home"-away from home.

History of Hospital

People's Hospital (Pvt) Ltd which is located in Mahabage along the Colombo – Negombo main road has a history of 22 years in the private healthcare sector.

What started off as Peoples Dispensary by Dr. C. A Liyanage eventually lead to the formation of Peoples Hospital (Pvt) Ltd. Over the years from its humble beginnings the hospital expanded into a fully-fledged private hospital which is currently conducting its operations in a 7 story building that provide Consultancy services, OPD treatment, In-patient services and surgical treatment facilities with all the necessary equipment that employ a highly capable staff. Specialist consultants from Colombo North Teaching Hospital, Welisara Chest Hospital often visit the Hospital for their private consultations. Further, in instances of special treatment requirements specialist doctors from Colombo National Hospital are also consulted by Peoples Hospital.

As a result, Peoples Hospital is well known and is the first choice among the residents of the area and in the greater vicinity of the hospital. Furthermore, with the level of facilities that the Hospital maintain and with the ability to consult highly sought after Doctors in the country, patients from even further parts of the island are not unheard of at People's Hospital premises.

Founder of the hospital Dr. C.A Liyanage passed away shortly after 5 years from the date of completion of the hospital. With his demise, Mrs. Liyanage took over the reins and continued to fulfill the vision of her late husband to bring the Hospital to its current state.

Today, the hospital is up to industry standards with modern technology, services and equipment fulfilling Dr. C.A Liyanage's vision in providing the best possible care to the patients of the Hospital. Peoples Hospital continues its journey to modernize and improve its services so that patients always receive a service that is best in class.

What We Offer

Our facility offers the complete range of services needed for the primary and intermediate care of patients. The hospital has a dedicated team of highly trained nurses and doctors to cater to the needs of our In-Patient and Out-Patient units. Hope Fertility Center

At Hope Fertility Center you will receive, compassionate, personalized fertility care from our expert team of doctors, whose success rate speaks for itself. We know that subfertility is a deeply personal issue that brings along different fears and uncertainties that affect all areas of a couple's life.

Therefore, our number one priority is to treat each of our patients as the individual that they are. We respect our patients' opinions and beliefs when it comes to which treatment is right for them. We have had the privilege of helping many patients achieve their "Hope" of becoming parents since opening the Hope Fertility Center.

We chose the name 'Hope' Fertility Center with a reason. The 'birth of a baby brings renewed hope in the future'. Hence, subfertility shouldn't be intimidating but a beautiful hope. Our doctors and nurses are easily accessible and provide compassionate support, so you never feel alone on your path to parenthood.
